

Fifty Ways to Strengthen Marriages at Your Parish

April 15, 2010

9:30 a.m. – 12:30 p.m.

St. Charles Pastoral Center, Romeoville

The United States Bishops have called us to greater efforts at building up and strengthening marriages at the parish level.

To help respond to that directive, this workshop will introduce participants to a wide variety of ways that marriages can be honored and strengthened in the local setting. Since every parish is unique, it is important to offer a range of strategies and ideas, so that the most appropriate options can be chosen from among them.

Dr. Jim Healy will offer this workshop and present an overview of the United States Bishops' National Pastoral Initiative on Marriage, including the reasons why it is so necessary at this point in time to focus on supporting marriages.

The \$10 per person charge covers the cost of refreshments and materials. Although no meals are served, healthy snacks will be available during the workshop. Please register by **Monday, April 12** by calling us, fax or mail the form below or email your information.
