

REO A/V Equipment Liquidation!

Periodically, the REO will sell equipment no longer actively being rented, or that has been replaced by the latest model. This gently used equipment is working, tested, and a fraction of the cost for new equipment. Contact the REO for more information or to make an offer!

Toshiba TLP-B2 (1 for sale)

\$750.00

This tremendous little projector is the ultimate in portability and ease of use! The B2 weighs in at a mere 5.8 pounds, packs a powerful 1,000 ansi lumens punch, has a 400:1 contrast ratio with native XGA resolution. This projector is great for groups of up to 100 people and small enough to take with you to different locations. This projector originally sold for \$4,995.00 due to its portability. Included in the price is a brand-new spare bulb, which is a \$350.00 value, and cables.

Sanyo PLC-XF10NZ Projector (2 for Sale)

\$650.00 each

This large-venue projector features 3,000 ansi lumens, native XGA resolution, 350:1 contrast ratio, lens shift technology, rear projection, and a bulb with less than 100 hours on it. It also has any kind of connection interface you might need to connect a computer, dvd player, vcr, camcorder, or any other video device. Originally sold for \$7,500.00!! It comes with all the original cables, the wireless remote, owner's manual, and hard-sided wheeled carrying case. This is great for use in large spaces! Use an A.V. cart for the ultimate in-house portability!

Sanyo PLC-XP10N Projector (1 for Sale)

\$650.00

The XP-10N is a small form factor projector weighing only 13 pounds and putting out 1300 ansi lumens in XGA resolution. This projector is a great combination of portability and power. Use for audiences of up to 250 people. Comes with a hard-sided, wheeled case with extendable handle, plus original cables, etc.

Phillips Hopper SV-10 (1 for sale)

\$250.00

Want a great projector on a budget? This is it! The Phillips Hopper is an older, portable projector weighing in at 12 pounds and boasting 600 ansi lumens with SVGA resolution. It comes with padded nylon carrying bag, owners manual, all cables, and wireless remote. This is great for groups of up to 50 people.

Professional Grade Fog Machines (2 for sale)

\$50.00 each

These fog machines pump out big amounts of white, reliable fog. Featuring high fog output volume and interactive controls for remote activation, these durable machines will last for years to come. Price includes machine, power cord, and fog liquid.
